

To : Mrs.____,

Mi'gmawei Mawiomi Secretariat.

Subject : Support against all activities associated with hydraulic fracturing and
Transport of heavy crude oil over the Matapedia and Restigouche rivers

Kwe',

This letter is give our support on your and our battle against all project that is fatal for
mother earth.

We fully understand that Mi'kmaq nation has treaty over rivers in Gaspé peninsula and all
Migma'gi. We stand up beside you for all projects that have the potential to negatively and
irreparably impact your Aboriginal and Treaty Rights and Title, for the interests of all
activities, practices, customs and traditions of the Mi'kmaq people.

First of all, we would like to thank you so much for protection mother earth. All event
could be harmful in the event of a spill or by fracturing the soil. Your way of taking care of
that land and the water are legitime and remarquable; that is the only way acceptable. May
we come to learn to respect our nature again. We, as a historical community living on this
land, are standing up with you. All our energies and prayers are also for our mother.

More sweetgrass in braid we are, with respect, good intention and honesty, stronger we
become.
